Dear Customer: September 1, 1952

We are always glad to mail you our wholesale list of Plants and Bulbs.

Each Spring and Fall we sell out completely of all

stock and we always have to disappoint a great many of our customers. For this very reason place your orders EARLY and specify date required so we can reserve those certain varieties of Bulbs and plants for you.

We have over 6000 florists, nurserymen, seedstores, Dimestores department stores and garden clubs we ship to each season and it takes a lot of stock to supply everyone of them.

We do not charge for boxes or packing.

Our terms are always cash or c.o.d., or the very best of references on 30 days credit.

We sell at very low prices but our enormous output make it possible to do so.

All orders are shipped railway express or truckline or freight and also parcelpost but be sure to send enough postage for parcelpost shipments if overpaid we refund checks for that within 24 hours.

Too many of our customers do not send enough for postage and we are the looser as 90% of the customers ignore those bills

You can always be assured we take care of your requiremnts, if you place orders early enough.

Yours for More and Better Plants & Bulbs
